FELIX Premium

The stylish, ultra-quiet FELIX offers all the flexibility of a canister vacuum cleaner in an upright configuration! It has highly maneuverable 180° steering ability, a convenient instant-use cleaning hose, excellent filtration, two on-board attachments, and a hard-floor parquet brush. Its detachable suction unit can also be used as a powerful hand-held vacuum with variable speed control. It features the 12-inch-wide ET-1 power head that has four-level manual height adjustment, cleans both carpets and hard floors, easily removes pet hair, and the extension side of its L-shaped contour makes cleaning under counters easy. In addition, its spinning brush roller can be shut off to clean delicate rugs and hard floors with straight suction. It also has tool-free brush roller removal, a light that illuminates when brush height is set too high, the bristles are excessively worn, or when automatic shut off occurs due to brush roller obstructions.

Multi-surface Cleaning Capabilities – With a power head for carpets and a parquet brush for hard floors, the FELIX provides all the cleaning flexibility of a canister vacuum!

Power Head, Two On-board Tools, plus a Parquet Brush – Along with its commercial-quality ET-1 power head, it also comes standard with a crevice nozzle, dusting brush, and a hard-floor parquet brush.

Flat-to-the-floor, 6-inch Profile – The vacuum's low profile makes cleaning under furniture and beds easy!

Three-step Filtration – The FELIX features a pre-motor filter, a three-layer AeraPure™ bag, and an S-class exhaust microfilter.

Large-capacity Filter Bag – The .92-gallon, three-layer AeraPure™ bag is convenient and economical because fewer bag changes are needed. And closing its hygiene cap prevents dust from escaping during bag removal and disposal.

Superb Steering Ability – A unique, 180° turning power head offers excellent maneuverability around and under furniture.

Protective, Rubber-coated Wheels – Its wheels protect all floor surfaces and provide smooth maneuverability.

Full Bag or Clog Indicator – When a full bag, a clog in the airflow pathway, or an excessively dirty microfilter is detected, an indicator window on the bag housing lid fills with orange color and an airflow bypass valve opens, to prevent overheating and motor damage from a lack of adequate airflow.

Variable Suction Control on Handle with Soft Start – The user can select the suction power needed, from curtains to carpet. And its gradual power-up extends motor life.

Three-level, Adjustable Handle – This feature provides compact storage, maneuverability when the suction unit is detached, and easy adjustment to user height requirements.

Instant-use Suction Hose – The integrated, instant-use suction hose is always ready! Just pull it out to clean corners, crevices, or furniture. Two on-board tools and a range of attachments can be fitted to the hose, such as a 22-inch wand for cleaning hard-to-reach areas, or a nine-foot extension hose, which creates a total length of 15 feet, is perfect for cleaning stairs.

Detachable Suction Unit Creates a Hand-held, Portable Vacuum – By removing its power head, the FELIX instantly transforms from an upright floor vacuum into a handheld portable vacuum, ideal for cleaning stairs, upholstery, and car interiors. It can be easily carried using its alternative side handle, as well.

Thirty-one-foot Cord with Rotating, Quick-release Hook – It is easy to quickly unwind the power cord by rotating the hook!

Easy Maintenance – The clog removal door and replaceable brush roller are easy to access on the power head.

Innovative Exhaust Filter – Behind the stylish surface hides an ultra-modern, S-class exhaust microfilter that not only provides excellent filtration, but it also absorbs motor noise, resulting in extremely quiet operation.

Power Head with One-sided Edge Cleaning – The power head is 12 inches wide with a 10.5-inch cleaning path.

Four-level, Manual Height Adjustment – The brush height can be adjusted up or down for optimal cleaning effectiveness.

Manual and Automatic Brush Shut Off – The FELIX can clean delicate rugs or hard floors with straight suction because the brush roller can be manually switched off, by pressing the green illuminated on/off button located on the power head. Also, the brush roller automatically shuts off when the suction hose is removed from its housing port, or when the handle is in its upright, locked position.

Brush Obstruction Light with Automatic Shut Off – If an obstruction jams the brush roller, a red warning light on the power head flashes and the brush roller stops spinning. This feature prevents the belt from breaking and protects the motor and carpet from damage.

Incorrect Height Setting or Worn Brush Light – When brush height is set too high for optimal cleaning, or when the brush roller should be replaced because of reaching maximum bristle wear, a red warning light on the power head remains illuminated during use. The light shuts off when the condition is corrected.

Easy Brush Removal and Cleaning – Cleaning hair or other debris from the brush roller, or replacing it when its bristles are worn, is quick and easy, and no tools are required! This feature ensures consistently effective brush agitation of the carpet pile.

STANDARD FEATURES OF SEBO VACUUM CLEANERS

Designed and Manufactured in Germany – Legendary quality, reliability and performance make SEBO vacuums the first choice of cleaning professionals throughout the world.

World's Best Pet Vacuums – Because of superior power head and brush-roller technology, SEBO vacuums are the world's best for pet hair removal!

Reliable, Commercial-grade Components – All SEBO vacuums are constructed with thick, reinforced, ABS plastic, aluminum and metal parts, steel axles and bearings, and high-end, quality motors. Therefore, SEBO users own reliable, long-lasting vacuum cleaners. Competing vacuums are made with thin, flimsy, inexpensive, plastic materials, none of which are reinforced, and typically have useful lifespans of one or two years.

Rubber Wheels and Soft Bumpers

Protect Homes – Smooth-gliding, rubber wheels protect hard floors and provide exceptional maneuverability. In addition, the bumpers that surround the power heads and the soft AIRBELT bumpers that surround SEBO's canisters protect furniture, walls, and vacuum housings from incurring scuffs and scratches during use.

Advanced, Brush-roller Technology – SEBO's brush rollers are uniquely designed to funnel hair and debris into the power head's airflow channel, which improves vacuum cleaning performance on all flooring surfaces.

Save Money! SEBO Vacuums Last for Years and Extend Carpet Life!

– If properly maintained, SEBO vacuums save ordinary, residential users hundreds of dollars, by providing excellent performance for ten to fifteen years or more, and their deep-cleaning, power-brush technology extends the life of carpets. Typical vacuums perform poorly, even when new, and usually do not last beyond two years. So six or seven "disposable vacuums" must be purchased during the average life expectancy of just one SEBO machine.

Changing Bags is Easy and Clean – SEBO filter bags can be changed in just a few seconds, and a hygiene cap keeps dust sealed inside during removal and disposal.

Bagged vs. Bagless . . . Bags are Better! – Top-fill, three-layer AeraPure™ Bags are an integral part of SEBO's filtration system because they hold virtually all the dirt captured by the vacuum, which improves the effectiveness and useful life of the microfilters.

THE ONYX COLLECTION PROMOTES SEBO'S FREE WARRANTY BONUS!

All SEBO vacuum-cleaner models offer standard warranty coverage of seven years on motors and five years on non-wear parts and labor charges. However, the purpose of the Onyx Collection is to promote SEBO's **FREE WARRANTY BONUS** that extends factory warranty coverage to a total of ten-years motor, ten-years non-wear parts, and seven-years labor!

Onyx Collection vacuum cleaners are **sold exclusively in-store** by SEBO's "Authorized Dealers," but never online. The reason for the Collection's in-store exclusivity is to ensure that buyers have on-site dealer assistance with their Bonus Registrations. Using a dealer-supplied code and the store's name and address, buyers obtain their extended warranty coverage by completing a simple online registration, located at www.sebo.us. Immediately thereafter, new 10/10/7 Warranty Certificates are sent to buyers via e-mail.

The **WARRANTY BONUS** can be applied to all SEBO vacuum cleaner models of any color, not just the Onyx Collection units (power heads sold separately are excluded).

PLEASE NOTE: The **FREE WARRANTY BONUS** does NOT apply to SEBO vacuum cleaners purchased from "Third-party Websites," such as [Amazon](http://Amazon.com) and Walmart.com, because they have many **UNAUTHORIZED SELLERS** with false, hidden, or disguised identities, which means they have no access to genuine replacement parts, factory-trained technicians, and labor-cost reimbursements!
